PERMIT INFORMATION

The Maui Film Office provides assistance with permitting for federal, state and county jurisdictions within the County of Maui. All production activity that takes place on Maui County rights-of-way requires a film permit. Below is information for County, State and Federal permitting:

County Permits: Cover general access to county roads and public areas, including parks and county facilities. Although there are exceptions, most beach parks (the grassy areas fronting sandy beaches) are on county property. Contact the Maui Film Office (see below) for further details.

County Parks Permits: Cover any production activities taking place in a county park or recreation area. A fee of \$100 to \$300 per day applies, depending on the activity taking place.

Historic Districts: Any filming activity in certain parts of Lahaina, Iao Valley, Wailuku or any other designated historic district must be cleared through the Maui Film Office.

State Permits: Cover all sandy beaches, airports, harbors and certain beach parks and any filming of marine activities. Certain roads within Maui County, such as Hana Highway, are also under state jurisdiction. Contact the State of Hawaii Film Office (see below) for further details.

Federal Permits: Cover any production activity within Haleakala National Park and the Kipahulu area.

TRAFFIC ASSISTANCE AND STREET CLOSURES

Each request is reviewed on a case-by-case basis. It is highly recommended you work through the Maui Police Department to assist with coordination of projects of this nature. Depending on the activity, you are usually required to post adequate signs and safety aids several days in advance and hire special duty police officers to facilitate traffic flow.

You may be required by permit to obtain a special duty police officer or may want a police presence during filming.
